

You are more than welcome to decide which salads you would prefer, or we would be happy to pick them for you. Platters come in 'lazy-susan' style black plastic cater-ware, pitas are toasted, and balls are in a large plastic bowl with tented foil to keep warm, but not to allow too much steam to collect in the container.

We recommend that you place the food out for your guests immediately upon receiving it. If not possible, then transfer the balls to an oven-safe platter and allow it to sit in the oven at 200 degrees farenheit. Serve as soon as possible.
